23RD ANNIVERSARY

the NATIONAL BREAST and CERVICAL CANCER EARLY DETECTION PROGRAM

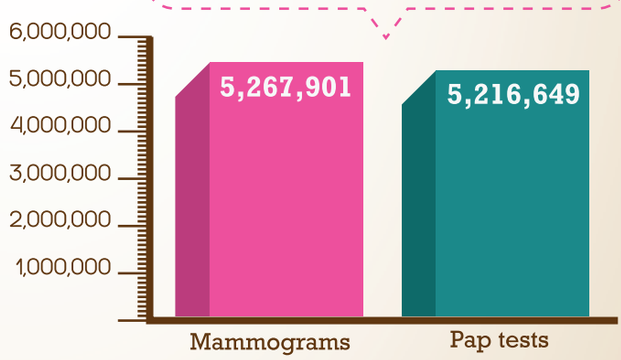
2014 is the 23rd Anniversary of the Division of Cancer Prevention and Control's National Breast and Cervical Cancer Early Detection program (NBCCEDP), the only nationally organized cancer screening program for underserved women in the United States.

From 1991-2011, NBCCEDP-funded programs have....

Served more than
4.3 million
underserved women
in the United States

Provided more than
10.7 million
breast and cervical cancer screening examinations

10.7 million breaks down to 5,267,901 mammograms and 5,216,649 Pap tests



Diagnosed more than
56,000
breast cancers

Diagnosed more than
3,200
cervical cancers
