482.21(a)(2)	QAPI Quality Indicators
482.12(a)(5)	Medical Staff - Accountability

0395:

A registered nurse must supervise and evaluate the nursing care for each patient.

0168:

The use of restraint or seclusion must be in accordance with the order of a physician or other licensed independent practitioner who is responsible for the care of the patient as specified under §482.12(c) and authorized to order restraint or seclusion by hospital policy in accordance with State law.

0404:

Drugs and biologicals must be prepared and administered in accordance with Federal and State laws, the orders of the practitioner or practitioners responsible for the patient's care as specified under §482.12(c), and accepted standards of practice.

0353:

The medical staff must adopt and enforce bylaws to carry out its responsibilities. The bylaws must:

0385:

The hospital must have an organized nursing service that provides 24-hour nursing services. The nursing services must be furnished or supervised by a registered nurse.

0043:

The hospital must have an effective governing body legally responsible for the conduct of the hospital as an institution. If a hospital does not have an organized governing body, the persons legally responsible for the conduct of the hospital must carry out the functions specified in this part that pertain to the governing body.

0175:

The condition of the patient who is restrained or secluded must be monitored by a physician, other licensed independent practitioner or trained staff that have completed the training criteria specified in paragraph (f) of this section at an interval determined by hospital policy.

0115:

A hospital must protect and promote each patient's rights.

0267:

The hospital must measure, analyze, and track quality indicators, including adverse patient events, and other aspects of performance that assess processes of care, hospital services and operations.

0049:

[The governing body must] ensure that the medical staff is accountable to the governing body for the quality of care provided to patients.
