AHCCCS and ADHS/DBHS will not permit one organization to own or manage more than one contract within the same program in the same GSA.

29.4.13 The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished under the plan by any individual or entity during any period when the individual or entity is excluded from participation under title V, XVIII, XIX, XX, or XXI pursuant to Sections 1128, 1128A, 1156, or 1842(j)(2) and (1903(i) and 1903(i)(2)(A)(i)) of the Social Security Act.

29.4.14 The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under title V, XVIII, XIX, XX, or XXI pursuant to section 1128, 1128A, 1156, or 1842(j)(2) of the Social Security Act and when the person furnishing such item or service knew, or had reason to know, of the exclusion (after a reasonable time period after reasonable notice has been furnished to the person) (Sections 1903(i) and 1903(i)(2)(B)) of the Social Security Act).

29.4.15 The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished by an individual or entity to whom the state has failed to suspend payments during any period in which the state has notified the Contractor of a pending investigation of a credible allegation of fraud against the individual or entity, unless the state determines there is good cause not to suspend such payments (Section 1903(i) and 1903(i)(2)(C)) of the Social Security Act).

16. Pursuant to Uniform Terms and Conditions, Page six (6) Provision E. Contract Changes, 1. Amendments; Scope of Work, E. Contract Requirements, 31. Finance Requirements is hereby revised to add/delete the following language.
31.4 METHOD OF PAYMENT AND CAPITATION RECOUPMENT

31.4.2 The Contractor shall:

31.4.2.1 Submit a copy of its entity’s Form 8963, Report of Health Insurance Provider Information, filed with the IRS to report net premium along with its final fee estimate. In addition, the Contractor shall complete and submit the Health Insurer Fee Liability Reporting Template. Both documents are due to ADHS/DBHS by September 15th of each fee year. The above requirements only apply to for-profit entities. Refer to AHCCCS’ ACOM Policy 320, Attachment A, for a copy of the Health Insurer Fee Liability Reporting Template. For additional information, refer to AHCCCS’ ACOM Policy 320, Health Insurer Fee.

31.4.2.2 Submit a copy of its entity’s federal and state tax filings via email by April 15th of the year following the fee year if entity is a for-profit entity. The text of the email should indicate the entity’s federal and state tax rates.

31.4.2.3 Submit its anticipated federal and state tax rates via email by April 15th of the year following the fee year, if a filing extension was requested and the entity is a for-profit entity. Once filed, the Contractor shall submit copies of its federal and state filings within (thirty) 30 days of filing. Adjustments may occur to a capitation rate that was previously adjusted for tax liability purposes if the resulting tax liability is materially different from the anticipated tax rates that were previously reported.

31.4.4.2.2 On a state fiscal year basis, the Contractor shall return to ADHS all funds not expended on services or administration for Non-Title XIX and Non-Title XXI eligible persons and shall not earn a profit from allocated funds for Non-Title XIX/XXI Crisis, Non-Title XIX/XXI SMI, Supported Housing, for TXIX SMI, SB 1616 Housing and Bridge Subsidy. There is no maximum loss for Non-Title XIX/XXI funded programs. Service revenue equals ninety-two point five percent (92.5%) of total ADHS revenue paid to Contractor in the state fiscal year.

31.4.4.2.3 The Contractor shall calculate profits and losses for the SABG Grant separately from other programs. The Contractor’s profits for the SABG Grant is limited to three (3%) percent of service revenue per state fiscal year. There is no maximum loss for the SABG Grant. The Contractor agrees that ADHS/DBHS may calculate profits and losses as service revenue less service expense. Service revenue equals ninety-two point five percent (92.5%) of total SABG Grant.

31.4.4.2.4 The Contractor shall calculate profits and losses for the MHBG Grant separately from other programs. The Contractor’s profits for the MHBG Grant is limited to three (3%) percent of service revenue per state fiscal year. There is no maximum loss for the MHBG Grant. The Contractor agrees that ADHS/DBHS may calculate profits and losses as service revenue less service expense.
expense. Service revenue equals ninety-two point five percent (92.5%) of total MHBG Grant.

31.4.4.2.5 The Contractor’s profit for Non-Title XIX/XXI Other and County, if applicable, shall be limited to three (3%) percent of service revenue per state fiscal year. There is no maximum loss for Non-Title XIX/XXI Other and County.

31.4.12 Cost Settlement for Primary Care Payment Parity:

The Patient Protection and Affordable Care Act (ACA) requires that the Contractor make enhanced payments for primary care services delivered by, or under the supervision of, a physician with a specialty designation of family medicine, general internal medicine, or pediatric medicine. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.400(a)] The Contractor shall base enhanced primary care payments on the Medicare Part B fee schedule rate or, if greater, the payment rate that would be applicable in 2013 and 2014 using the CY 2009 Medicare physician fee schedule conversion factor. If no applicable rate is established by Medicare, the Contractor shall use the rate specified in a fee schedule established by CMS. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405] The Contractor shall make enhanced primary care payments for all Medicaid-covered Evaluation and Management (E&M) billing codes 99201 through 99499 and Current Procedural Terminology (CPT) vaccine administration codes 90460, 90461, 90471, 90472, 90473, and 90474, or their successor codes. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405(c)].

ADHS will make quarterly cost-settlement payments to the Contractor. The cost-settlement payment is a separate payment arrangement from the capitation payment. (CMS Medicaid Managed Care Payment for PCP Services in 2013 and 2014: Technical Guide and Rate Setting Practices) Cost Settlement payments will be based upon adjudicated/approved encounter data. This data will provide the necessary documentation to ensure that primary care enhanced payments were made to network providers. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi)(B)].

Additionally, there will be modifications to the populations currently subject to AHCCCS mandatory and optional (nominal) copayments, copayment amounts, and services for which copays are required. Implementation of these provisions is anticipated to begin in 2015.

31.5 FINANCE PERIODIC REPORTING

31.5.1.1 Submit the monthly Financial Statements to the ADHS Office of Financial Review by the 30th day after month end in accordance with ADHS/DBHS Financial Reporting Guide. December, March, June and September are treated as quarterly financial statements.

Information is reviewed by AHCCCS’ actuaries in renewal years to determine if adjustments are necessary. The Contractor may cover services that are not covered under the State Plan or the Arizona Medicaid Section 1115 Demonstration Waiver, Special Terms and Conditions approved by CMS; however, AHCCCS will not consider costs of non-covered services in the development of capitation rates [42 CFR 438.6(e)] (Section 1903(i) and 1903(i)(17) of the Social Security Act). Graduate Medical Education payments (GME) are not included in the capitation rates but paid out separately, if applicable, consistent with the terms of Arizona’s State Plan. Likewise, because AHCCCS and ADHS do not delegate any of the responsibilities for administering Electronic Health Record (EHR) incentive payments to the Contractor, EHR payments are also excluded from the capitation rates and are paid out separately, if applicable, by AHCCCS and ADHS pursuant to Section 4201 of the HITECH Act, 42 USC 1396 b (t), and [42 CFR 495.300] et seq.
17. Pursuant to Uniform Terms and Conditions, Page six (6) Provision E. Contract Changes, 1. Amendments; Scope of Work, E. Contract Requirements, 32. Coordination of Benefits and Third Party Liability Requirements is hereby revised to add/delete the following language:

32.3 If the Contractor discovers the probable existence of a liable third-party that is not known to AHCCCS, or identifies any change in coverage, the Contractor must report the information to the AHCCCS contracted vendor not later than ten (10) days from the date of discovery. ADHS will provide the Contractor with a file of all other coverage information, for the purpose of updating the Contractor’s files, as described in the Technical Interface Guidelines.

32.4 All TPL reporting requirements are subject to validation through periodic audits and/or Administrative reviews which may include Contractor submission of an electronic extract of the casualty cases, including open and closed cases. Data elements may include, but are not limited to: the member’s first and last name; AHCCCS ID; date of incident; claimed amount; paid/recovered amount; and case status. The AHCCCS TPL Section shall provide the format and reporting schedule for this information to the Contractor.

Late claims payments are those that are paid after forty-five (45) days of receipt of the clean claim (as defined in this contract). In grievance situations, interest shall be paid back to the date interest would have started to accrue beyond the applicable forty-five (45) day requirement. Interest shall be at the rate of ten percent (10%) per annum (prorated daily) from the forty-sixth (46th) day until the date of payment unless a different rate is stated in a written contract. In the absence of interest payment terms in a subcontract, interest shall accrue starting on the first day after a clean claim is contracted to be paid. For hospital clean claims, a slow payment penalty shall be paid and a quick pay discount shall be taken in accordance with A.R.S. 36-2903.01 (G) (5). When interest is paid, the Contractor must report the interest as directed in the AHCCCS Encounter Manual.

34.5 In the absence of a contract specifying other late payment terms, a claim for an authorized service submitted by a licensed skilled nursing facility, assisted living ALTCS provider or a home and community based ALTCS provider, alternative residential setting or other home and community based provider shall be adjudicated within thirty (30) calendar days after receipt by the Contractor.

Any clean claim for an authorized service provided to a member that is not paid within thirty (30) calendar days after the claim is received accrues interest at the rate of one percent (1%) per month (prorated on a daily basis) from the date the clean claim is submitted. The interest is prorated on a daily basis and must be paid by the Contractor at the time the clean claim is paid. (A.R.S. §36-2943.D) (not the claim dispute).

All paper remittance advices must describe this information in detail. Electronic remittance advices must either direct providers to the link where this information is explained or include a supplemental file where this information is explained.

34.6.7 Data Security Audit

The Contractor shall retain an independent third (3rd) party to perform an annual HIPAA security and privacy audit. This audit must include a review of Contractor compliance with all security and privacy requirements.

34.6.7.5 The Contractor shall submit the annual audit report within ninety (90) days of the start of the Contract year.

Requirements for encounter data are described in the AHCCCS Encounter Manual and the AHCCCS Encounter Companion Documents.

35.6.4 Covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the Contractor shall be subject to the same rebate requirements as the State is subject under Section 1927 of the Social Security Act; the State shall collect such rebates from manufacturers. (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMD letter 10-006).

35.6.5 To support Federal Drug Rebate processing, pharmacy related encounter data must be provided no later than thirty (30) days after the end of the quarter in which the pharmaceutical item was dispensed. ADHS must be notified of any cumulative recoupment greater than $50,000 per provider Tax Identification Number per contract year. A Contractor shall not recoup monies from a provider later than twelve (12) months after the date of original payment on a clean claim without prior approval of ADHS as further described in the Office of Program Support Operations and Procedures Manual.

The Contractor shall comply with all reporting requirements contained in this Contract and ADHS policy. In accordance with CMS requirements, ADHS has in effect procedures for monitoring the Contractors’ operations to ensure program compliance and identify best practices, including, but not limited to, evaluation of submitted deliverables, ad hoc reporting, and periodic focused and Administrative reviews.

44.1 These monitoring procedures will include, but are not limited to, operations related to the following:

The type and duration of the review will be solely at the discretion of ADHS.
Except in cases where advance notice is not possible or advance notice may render the review less useful, ADHS will give the Contractor at least three (3) weeks advance notice of the date of the scheduled Administrative Review. ADHS reserves the right to conduct reviews without notice to monitor contractual requirements and performance as needed. ADHS may conduct a review without notice in the event the Contractor undergoes a reorganization or makes changes in three (3) or more key staff positions within a twelve 12-month period, or to investigate complaints received by ADHS. The Contractor shall comply with all other medical audit provisions as required by ADHS.

In preparation for the reviews, the Contractor shall cooperate with ADHS by forwarding in advance policies, procedures, job descriptions, contracts, records, logs and other material upon request. Documents not requested in advance shall be made available during the course of the review. Contractor personnel shall be available at all times during review activities. Zip Code Alignment: Effective on or about March 1, 2015, AHCCCS will move zip codes 85530, 85536 from the
GSA which includes Graham County to the GSA which includes Gila County. This change is being implemented
to keep zip code assignment consistent between AHCCCS lines of business. As part of the Greater AZ Integrated
RBHAs effective October 1, 2015, this move is occurring to align tribal members from a single tribe into a single
RBHA when, today, the tribe currently spans multiple GSAs, and thus tribal members are managed by multiple
RBHAs.
C. BACKGROUND

1. The Arizona Health Care Cost Containment System (AHCCCS) is the single State agency that administers the Medicaid program for Title XIX and Title XXI eligible members including behavioral health service benefits. AHCCCS contracts with the Arizona Department of Health Services (ADHS) to administer Arizona's behavioral health programs and services for children, adults and their families. ADHS contracts with RBHAs to coordinate the delivery of behavioral health services in designated GSAs. In addition to the Medicaid funds, ADHS also receives additional funds through other Federal, State and local grants and appropriations.

2. ADHS currently contracts with four (4) RBHAs to administer integrated managed behavioral health care in six (6) GSAs throughout Arizona. ADHS also has intergovernmental agreements (IGAs) with five (5) Federally recognized Tribal Nations to deliver behavioral health services to eligible members in Gila River, Pascua Yaqui, White Mountain Apache, Navajo Nation and Colorado River Indian Tribes.

D. SCOPE OF SERVICES OVERVIEW

1. SCOPE OF SERVICES REQUIREMENTS

The Contractor shall:

1.1 Be responsible for the provision of all medically necessary covered behavioral health services described in this Contract in accordance with applicable federal, state and local laws, rules, regulations and policies, and applicable documents incorporated by reference.

1.2 Distribute all policies, procedures, protocols and guidance documents to all subcontractors, through web postings or hard copy.

1.3 Provide technical assistance to subcontractors, on covered services, encounter submissions, and documentation requirements on an as needed basis.

1.5 Provide medically necessary covered behavioral health services delivered by appropriately licensed or certified providers, registered with AHCCCS and operating within their scope of practice.

Medically necessary behavioral health services must be related to the member’s ability to achieve age-appropriate growth and development, and to attain, maintain, or regain functional capacity.

1.7 Not arbitrarily deny or reduce the amount, duration, or scope of a required behavioral health service solely because of the diagnosis, type of illness, or condition of the member [42 CFR 438.210 (a) (3) (ii).

The Contractor may:

1.8 Place appropriate limits on a service on the basis of criteria such as medical necessity, or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose [42 CFR 438.210(a)(1),(3)(i) and (iii) and [42 CFR 438.210 (a) (4).

31.4.12 Cost Settlement for Primary Care Payment Parity:

The Patient Protection and Affordable Care Act (ACA) requires that the Contractor make enhanced payments for primary care services delivered by, or under the supervision of, a physician with a specialty designation of family medicine, general internal medicine, or pediatric medicine. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.400(a)] The Contractor shall base enhanced primary care payments on the Medicare Part B fee schedule rate or, if greater, the payment rate that would be applicable in 2013 and 2014 using the CY 2009 Medicare physician fee schedule conversion factor. If no applicable rate is established by Medicare, the Contractor shall use the rate specified in a fee schedule established by CMS. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405] The Contractor shall make enhanced primary care payments for all Medicaid-covered Evaluation and Management (E&M) billing codes 99201 through 99499 and Current Procedural Terminology (CPT) vaccine administration codes 90460, 90461, 90471, 90472, 90473, and 90474, or their successor codes. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405(c)].

AHCCCS has developed an enhanced fee schedule containing the qualifying codes using the 2009 Medicare conversion factor in compliance with the greater-of requirement. The enhanced payments apply only to services provided on and after January 1, 2013 by qualified providers, who self-attest to AHCCCS as defined in the federal regulations.

The Contractor shall reprocess all qualifying claims for qualifying providers back to January 1, 2013 dates of service with no requirements that providers re-submit claims or initiate any action. The Contractor shall not apply any discounts to the enhanced rates.

In the event that a provider retroactively loses his/her qualification for enhanced payments, the Contractor shall identify impacted claims and automatically reprocess for the recoupment of enhanced payments. It is expected that this reprocessing will be conducted by the Contractor without requirement of further action by the provider.

ADHS will make quarterly cost-settlement payments to the Contractor. The cost-settlement payment is a separate payment arrangement from the capitation payment. (CMS Medicaid Managed Care Payment for PCP Services in 2013 and 2014: Technical Guide and Rate Setting Practices) Cost Settlement payments will be based upon adjudicated/approved encounter data. This data will provide the necessary documentation to ensure that primary care enhanced payments were made to network providers. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi)(B)].

The Contractor will be required to refund payments to ADHS for any reduced claim payments in the event that a provider is subsequently “decertified” for enhanced payments due to audit or other reasons.
