

Family Member

A parent or caregiver who has raised or is currently raising a child with emotional, behavioral or mental health challenges and has experience navigating the children's behavioral health system. This is inclusive of youth and adolescents diagnosed with serious emotional disturbance up to age 22 if the adolescent is being served by an Individual Education Program (IEP) or up to age 26 if the young adult is being served by an Individual Service Plan (ISP) in transition to the adult mental health system.
