

Medical Direction Commission Roster

The Medical Direction Commission (MDC) is composed of a select group of physicians appointed to assist the ADHS Director in developing medical protocols governing the medical treatments, procedures, medications, training and techniques that may be administered or performed by each class of emergency medical technicians. The membership is updated semi-annually by the Arizona Office of Boards and Commissions. For the most up-to-date membership roster, please refer to their website at <http://azgovernor.gov/bc/documents/GovAppointments.pdf>.
