

## Free On-Line Stroke Training Opportunity

**Dates:** No specific dates, the opportunity is limited by the number of registrations available. First come, first served.

**Dear EMS Personnel:**

Our sister program here at ADHS (the Heart Disease and Stroke Prevention Program) has made us an offer that we can't refuse! In partnership with the Arizona Chapter of the American Heart Association they have purchased 620 registrations for the course described below:

**Course Description:**

Stroke Prehospital Care Online is a self-paced, interactive eLearning course designed to increase prehospital care provider's knowledge about the two types of stroke and demonstrate potential stroke-related complaints. This course teaches the pathophysiology and risk factors of stroke, as well as recognition, assessment, and management of potential stroke.

**The Stroke Prehospital Care Online has the following key features:**

- Four interactive cases that include stroke-related patient encounters
- Interactive prompts for participants to make management decisions.
- Content based on the latest science AHA/ASA Guidelines.
- Online exam and evaluations
- No skills test required
- Certificate of completion provided.

**At the conclusion of the course:**

At the conclusion of this course, the prehospital care provider should gain these benefits from this course:

- Improved decision making regarding stroke.
- Strengthened use of EMS triage and transport protocols
- Increased quality of stroke treatment
- Improved timely and effective hospital care.

**Hours to Complete:**

Generally this course takes 1 to 2 hours to complete.

**Sign-up instructions:**

Thank you for your interest in the Stroke Prehospital Care Online Course. Due to the popularity of the course, access keys are being assigned on a first come first serve basis. Please click on [cvd@azdhs.gov](mailto:cvd@azdhs.gov) and provide the following information:
