*Workshop Objective: Participants will continue to build upon basic and intermediate concepts related to trauma program management through didactic sessions related to: injury data acquisition and use for analysis, trauma center billing processes, managing injury prevention initiatives, ongoing performance improvement and patient safety (PIPS) programming, and injury care optimization.*

**Workshop Purpose Statement:**

*Trauma Programs are required to have an effective Performance Improvement (PI) plan in place to assist in the delivery of trauma care and injury prevention activities. In accordance with the 2015 Arizona Trauma Plan Priorities, the 2015 Trauma Managers' Workgroup series will focus on building proficiency in trauma program PI, trauma program operations, and injury prevention strategies.*

Continuing education credits will be offered upon workshop completion by the **Northern Arizona Area Health Education Center.**

\* See attached map for directions.

Webinar option is available for those unable to attend the workshop in person. Registration is required: [bit.ly/1cbwHEO](http://bit.ly/1cbwHEO)
