

**Evaluation of the Statewide STD Meeting
September 2, 2009**

Total Number of Attendees: 54
 Total Number of Agencies Represented: 25
 Total Number of Attendees Excluding ADHS Staff: 41
 Total Number of Evaluation Forms Completed: 37 (90%)

Please rate the following topic areas based on the content that was presented on a scale from 1 to 5, where 1=least useful/interesting/informative and 5=most useful/interesting/informative.

	1 Least	2	3	4	5 Most	N/A
Update: Office of HIV, STD, and Hepatitis Services (presented by Judy Norton) (N=35)	0%	2.9%	14.3%	34.3%	37.1%	11.4%
National and Statewide STD Trends (presented by Dr. Michelle Winscott) (N=36)	0%	0%	2.8%	25.0%	66.7%	5.6%
Communicable Disease Reports: How and Why We Report (presented by Dr. Arshad Aziz) (N=37)	0%	2.7%	18.9%	40.5%	32.4%	5.4%
Maricopa County: Advances in STD Clinic Service Delivery (presented by Heather James) (N=36)	0%	0%	2.8%	41.7%	55.6%	0%
Hepatitis Vaccinations in an STD Clinic (Machrina Leach) (N=36)	0%	0%	16.7%	38.9%	44.4%	0%
Co-Infections with HIV (presented by Dr. John Post) (N=37)	0%	2.7%	2.7%	27.0%	67.6%	0%
Hepatitis Updates: Successful Vaccination Efforts and What Lies Ahead (presented by Judy Norton) (N=33)	0%	6.1%	18.2%	39.4%	27.3%	9.1%
Behavioral Surveillance: Self and Partner Checks among MSM (presented by Brandy Peterson) (N=37)	0%	0%	2.7%	29.7%	67.6%	0%
Infertility Prevention Project (presented by Roxanne Ereth) (N=36)	0%	0%	22.2%	33.3%	44.4%	0%
Update AZ State Lab (presented by Roxanne Ereth) (N=31)	6.5%	3.2%	29.0%	32.3%	25.8%	3.2%
Gila River Update (presented by Cheryl McDermott) (N=37)	2.7%	8.1%	27.0%	18.9%	43.2%	0%
Project Stomp Out Syphilis (presented by Larry Foster; Antoine Thompson) (N=36)	0%	0%	0%	22.2%	77.8%	0%
Local HD and Tribal Updates (various local representatives) (N=30)	3.3%	3.3%	23.3%	30.0%	30.0%	10.0%
Budget Update (presented by Roxanne Ereth) (N=28)	0%	7.1%	17.9%	35.7%	28.6%	10.7%
Discussion: Creative Solutions/Assets (N=23)	4.3%	8.7%	13.0%	26.1%	34.8%	13.0%

Using the same scale presented above, how would you rate the meeting overall? (N=31)	0%	0%	3.2%	35.5%	61.3%
What is your preferred format for future statewide meetings? (N=34) multiple responses allowed	73.5% One Day (same as today) 17.6% Two Days (more in depth; breakout sessions) 2.9% Monthly statewide teleconference/webinar (project updates/program improvement) 14.7% Quarterly Regional Meetings (ADHS Staff travels to regions)				

What did you like the most about the meeting?

Having a state meeting again after having multiple years of yearly meetings. Good to know faces of people we interact with. Good Networking
Networking
We always get new ideas-We don't get many MSM but when we do, we like the assessment tool teaching them to teach themselves and partners
Networking exercise; small group atmosphere; food & lunch provided!
This meeting was great because of the networking as well as having the different tribes to present
Real information on what is being done at other areas
Presentation of Epi data and trends
Networking

Putting faces to ADHS Staff
Networking
Informative, helpful, resourceful. Intermingling with other departments
Data. Would like more info on Hepatitis C resources for patients
Epi update
Fast-paced, well organized
Location, Networking-updates great
All presentations were good-networking exercise was very good!
Hearing how other counties are working at problems
National STD & Statewide STD Trends; Co-Infections with HIV; Project SOS
The ability to network with so many agencies in one place-especially during the resource game.
Co-Infections with HIV Presentation
Information shared by the other programs and agencies.
So much info and very interesting
Dr. John Post Co-Infection with HIV; Larry Foster & Project Stomp Out Syphilis
Diversity of presenters and up to date AZ state STD info
Useful info given in appropriate length presentations. Appreciated frequent breaks & activities allowing movement. Networking & interfacing was very helpful.
The networking activity was helpful and interesting-to talk about all the different programs and meet those from other parts of the state. I think all seminars should have some sort of physical activity where everyone stands up and walks around.

What did you like the least about the meeting? (*Please note: Full comments have been edited for external review; however all comments were reviewed internally by ADHS staff).

Nothing
Start at 9:00? For Travel
I don't like being "forced" to network. (edited comment)
Maybe some information on risk assessment/risk reduction counseling strategies (edited comment)
Some presentations too long but that's the way it goes
Difficulty Hearing. Too long
All presentations were good
Local Updates-need to stress time limit
Difficult to hear speakers. Mic would have been helpful. (edited comment). No Microphone
None
The noisy door. Opening and closing was a distraction. (edited comment)
N/A
No room to maneuver, not enough desks, hot (edited comment)
Unable to hear 50% of speakers (edited comment). Place time limits on presenters. After 25-30 min. hard to remain focused on presentation

What additional topics would you like to see included in future statewide meetings?

Grant sources for STD Testing; STD Testing Issues-Rapid Tests and Options that are new technologies
Ideas of media marketing
More about lab values.
Review of signs/symptoms of STDs. Group effort to come up with a public campaign for awareness & to decrease STDs in AZ.
MSM and other specialty group presentations
Microscope class for clinicians
More County Reports

I like to hear about other tribes, maybe having a forum for the 21 tribes. ITCA may do this already not sure.
The new information on the 2 Groups "Black AIDS Task Force", Adelante group. Mental health impact that STD/HIV has on the client and partner or family or community.
Teen pregnancy rates in relation to STD rates.
Prevention education
Include Transgender, Lesbian... (illegible)
Interested in public health worker courses in Pima County
Networking & relationship building between tribal entities, 638s, IHS sites, & County HDs. Perhaps a special networking session the afternoon before or morning after or a meeting facilitated by ADHS in our local areas.

What suggestions do you have to make the next statewide meeting more successful?

It was fine the way it was
None Great Job
Make it a little more interactive
The networking "speed networking" activity was beneficial. Continue that. Lunch was good.
Break out sessions
A microphone
Two Day Meeting
So much good info!! More handouts and Pamphlets
none
Better location
Provide more networking time
Nothing. Brandy and Anita did a wonderful job organizing this meeting. Thank You.
Tour of State Lab. Make sure microphone works. Most presentations were about the right length, but some are too long-I think they should be around 30 minutes.

Thank you again for your participation and input!
