

# Steps to Success: Utilizing ASIIS Reports for Meeting your Goals

# Running Reports

There are a variety of reports that can be generated in ASIIS. To get to these reports select **Report Module** under the **Reports** tab in the navigation bar. Some of these reports can be run immediately and some can be scheduled to run later (due to their size and time it takes to run). The reports that can be scheduled will have a **Schedule** button to the right of the report title.
