# **AZ.MyIR.net:** **A Lifetime of Benefits Through On-line Immunization Records for Your Patients**

***Statewide Rollout Orientation***

## Purpose of today's Orientation

- Today AZ begins a statewide rollout of *AZ.MyIR.net* – a way for your patients to have free online access to official copies of their family's ASIIS-based immunization records

## Purpose of today's Orientation

- Healthcare providers have free access to *AZ.MyIR.net* to perform a one-time approval of consumer and family-member registrations
- You are also a critical element in promoting *AZ.MyIR.net* to your patients

## ***AZ.MyIR.net* History**

- AZ is one of 5 states deploying MyIR under a HHS ONC pilot program funded by the CDC
- 5 AZ provider sites began using in the Spring of 2014
- Today over 800 consumers and dependents can access their records on-line – over 1000 record pulls to date

## Today's Agenda

- 1 What AZ MyiR.net does for your patients and for your practice
- 2 How it works
- 3 Demonstration
- 4 How you can participate

## If you have Questions....

- During today's Webinar... Please ask them!
- After the Webinar... Please access the *AZ.MyIR.net* informational Website at:

<http://azdhs.gov/phs/immunization/my-ir/>

# 1 AZ.MyIR.net – for you and your patients

## What *AZ.MyIR.net* does:

For your patients

- Free online account
- Anytime, anywhere access
- View, print, store & share their family's official ASIIS immunization records
- A personal summary of full immunization history & forecast
- SMS / e-mail reminders & alerts for forecasted immunizations

# 1 AZ.MyIR.net – for you and your patients

## What *AZ.MyIR.net* does:

### For your practice

- Reduces administrative burdens of continuously providing official paper records
- Improves office experience by reducing back-to-school records crunch
- Increases patient engagement
- Automated reminders drive patients to you
- Helps improve immunization rates and up-to-date status for your practice

## What *AZ.MyIR.net* does:

### Your role

- Promote AZ.MyIR.net to you patients
- Choose a workflow option to register & authenticate patients
- Use AZ.MyIR.net to connect patients to their ASIIS records
- ONE-TIME only per/family – a sustained registration campaign further reduces your effort as more of your patients get accounts

## 2

## How it works: Flexible Workflows

### A Consumer-initiated

- Online pre-registration
- ↓
- One-time in-person provider authentication and approval
- ↓
- Free anytime, anywhere records access

### B Provider-initiated

- In-Office consumer recruitment & registration
- ↓
- In-Office provider authentication & approval
- ↓
- Promote in-office account activation – free anytime, anywhere records access

# Official State-specific Record Format

- One official AZ state-specific record format
- Additional format with complete history and forecast
- Consumer views, prints, stores, shares on-demand – unlimited use
- Access via smartphone, tablet or computer

**Arizona  
Department of  
Health Services**

### Patient Vaccination Record

**IRMS:** MyIR Arizona  
**Facility:**  
**Date:** 06/20/2014

**Patient ID:** 6681033      **Phone:** 602-364-3679  
**Name:** TEST KID      **Street:** 4484 TEST STREET  
**Birth Date:** 02/18/2002      **Street:** PHOENIX  
**Sex:** FEMALE      **State:** AZ  
**Guardian:** TEST MOM      **ZIP:** 85007-1224  
**Physician:**

Vaccine Family	Dose 1	Dose 2	Dose 3	Dose 4	Dose 5	Dose 6	Dose 7	Dose 8
FLU	10/02/2006	03/23/2007	10/05/2008	10/15/2009	10/01/2010	09/29/2011	10/01/2012	10/01/2013
HPV	02/20/2013	04/01/2013	08/25/2013					
MENINGOCOCCAL	02/20/2013							
Tdap	02/20/2013							
DTaP/DT/d	04/18/2002	06/18/2002	08/18/2002	09/20/2003	03/01/2006			
MMR	09/20/2003	03/01/2006						
VARICELLA	09/20/2003	03/01/2006						
HEP-A	09/20/2003	11/20/2003						
HIB	04/18/2002	06/18/2002	08/18/2002	09/20/2003				
PNEUMO (PCV)	04/18/2002	06/18/2002	08/18/2002	09/20/2003				
POLIO	04/18/2002	06/18/2002	08/18/2002	09/20/2003				
HEP-B 3 DOSE	02/19/2002	04/18/2002	08/18/2002					
ROTAVIRUS	04/18/2002	06/18/2002						

**Forecast**

Vaccine Family	Dose	Scheduled Date	Minimum Valid Date
INFLUENZA	14	10/01/2014	08/01/2014
MENINGOCOCCAL	2	02/18/2018	02/18/2018
TD(ADULT)	8	02/20/2023	02/20/2018

The forecast is based on information contained in and reported to the ASIS Registry by immunization providers.

Signature of physician or authorized representative of health agency. This is a valid Arizona vaccination record. This vaccination record was printed from MyIR, an online consumer portal that connects to ASIS (Arizona's immunization registry) and allows patients to print their immunization records. No signature is required to authenticate this record.

# Demonstration

## Demonstration

## Implementation

- At-home *OR* in-office registration followed by a one-time in-office provider authentication
- Mobile device or paper form-based registration
- Downloadable promotional brochures & posters
- Free consumer access after account approval
- Online provider training + FAQs
- Free phone + e-mail technical support

**MyIR**

## Benefits to Providers

- Free, simple, safe, secure consumer access
- Reduced administrative burden
- Automation minimizes interventions by healthcare providers and ASIIS staff
- Automated reminders increase likelihood of better coverage + up-to-date status
- One-time provider-approved registration

## 4 YOU can participate!

### How you can participate

- Commit to using AZ.MyIR.net in your practice
- Sign-up staff for a free Webinar training
- Use the embedded training videos as refreshers
- Wear a button at work!
- Track your progress with MyIR metrics
- Get free technical support if needed

YOU can participate!

## Your action steps

1. Get more information at:

<http://azdhs.gov/phs/immunization/my-ir/>

2. Register for training using the link above

- **March 17, 18, or 19 @ 12 noon**
- **Other dates added as needed**

3. E-mail questions to:
