

Drinking Water Operator Training

Field Method Requirements

Offered by: The Arizona Department of Health Services in cooperation with the AZ Water Association, the Arizona Department of Environmental Quality and the Rural Water Association of Arizona

Date/Time: October/November 2012, 9:00-12:00

Where: 12 Different Locations (Phoenix 10/17/12, Chandler 10/18/12, Goodyear 10/16/12, Kingman 11/2/12, Prescott 10/5/12, Safford 10/3/12, Miami 10/22/12, Yuma 10/10/12, Flagstaff 11/1/12, Tucson 10/4/12, Show Low 10/31/12, and Bisbee 10/26/12)

Up to 3.0 PDHs will be offered for completion of the training. Partial PDHs may be given.

This training is designed to provide an overview, selected demonstrations (field and in the lab), and discussion of the methods (disinfectants and turbidity) that are required to be performed at the drinking water systems.

This Operator training class is being provided at no charge.

Please note: Due to potential space limitations and to assure all have access, only 1 registration from each organization will be confirmed, until all interested parties have had the opportunity to register. Others are encouraged to register, but will be placed on a waiting list on a 1st come-1st served basis. They will be notified by email after the registration closes.

There will be NO on-site registration.

Registration deadline is September 21, 2012.

To Register: E-mail acharyp@azdhs.gov or call (480) 284-6869

Directions and site information will be E-mailed prior to the workshop to all registrants.
