SP-045-PHS-WCH

CLARIFICATION OF REQUIREMENTS IN A.R.S. § 36-1921(6) FOR
SCHOOL HEARING SCREENING

This substantive policy is advisory only. A substantive policy statement does not include internal
procedural documents that only affect the internal procedures of the agency and does not impose
additional requirements or penalties on regulated parties or include confidential information or rules
made in accordance with the Arizona Administrative Procedure Act. If you believe that this substantive
policy statement does impose additional requirements or penalties on regulated parties you may petition
the agency under Arizona Revised Statutes § 41-1033 for a review of the statement.

The purpose of this substantive policy statement is to clarify the interpretation of the Arizona Department
of Health Services (Department) of Arizona Revised Statutes (A.R.S.) § 36-1921(6) related to the
performance of hearing screening in a school.

A.R.S. § 36-1921(6) states that requirements in A.R.S. Title 9, Chapter 17 Hearing Aid Dispensers,
Audiologists, and Speech-Language Pathologists do not apply to “any person certified by the
[Department] for the school hearing screening program.”

For the purposes of meeting the applicability standard in A.R.S. § 36-1921(6), the Department considers
an individual who is qualified to perform a hearing screening in a school according to Arizona
Administrative Code R9-13-107 to be certified by the Department for the school hearing screening
program.
