

FINANCIAL ASSISTANCE FOR HEPATITIS MEDICATIONS

Currently the State of Arizona does not have a “special” program to offer financial assistance with hepatitis Medications.

There are alternatives to “state” or “public assistance” covered Hepatitis treatment, many drug manufacturers and distributors offer patient assistance programs, which can greatly decrease or entirely eliminate the costs of many medications to treat Hepatitis and other diseases. The requirements for program eligibility vary. Some programs may be applied for directly by the patient; other program applications must be initiated by the healthcare provider (physician, pharmacist or agency). Most doctor’s offices can help you with the process to access these services. For a comprehensive list of current patient drug assistance programs contact the Pharmaceutical and Manufacturers of America for a copy of the Directory of Prescription Drug Assistance Programs 1-800-762-4636
