Adult Day Health Care Facility Initial Checklist**

Arizona Revised Statutes
(All facilities)

Title 9, Chapter 10, Article 1
(General)

Title 9, Chapter 10, Article 11
(Adult Day Health Care Facilities)

A.R.S. § 36-401.	Definitions;
A.	In this chapter, unless the context otherwise requires:
4.	"Adult day health care facility" means a facility that provides adult day health services during a portion of a continuous twenty-four-hour period for compensation on a regular basis for five or more adults who are not related to the proprietor.
5.	"Adult day health services" means a program that provides planned care supervision and activities, personal care, personal living skills training, meals and health monitoring in a group setting during a portion of a continuous twenty-four-hour period. Adult day health services may also include preventive, therapeutic and restorative health-related services that do not include behavioral health services.
41.	"Personal care services" means assistance with activities of daily living that can be performed by persons without professional skills or professional training and includes the coordination or provision of intermittent nursing services and the administration of medications and treatments by a nurse who is licensed pursuant to title 32, chapter 15 or as otherwise provided by law.

This checklist is a tool for use in preparing for an initial inspection and does NOT contain all applicable regulations (rules and statutes) that govern the licensure of Adult Day Health Care Facilities.

The Department conducts an on-site initial inspection of each facility as part of the substantive review for issuing a license. To avoid delays in obtaining a license, please ensure the facility is in compliance with ALL regulations that govern Adult Day Health Care Facilities before scheduling an inspection. It is the applicant's responsibility to review, comprehend, and demonstrate substantial compliance with all regulations that govern the facility. The Department and the Department's Compliance Officers are NOT permitted to provide consultation services.

Please note the following when preparing for an on-site initial inspection:

- Policies and procedures must be applicable to the health care institution's class/subclass.
- A policy must be the intentions of the facility and the procedure must be how the facility will implement their intentions.
- Writing the page number of each policy and procedure next to the applicable rule may accelerate the on-site substantive review process.
- The facility must have a sample form for all documents required by rule.
- The facility must have complete personnel records for all required staff along with a tentative work schedule.
- The facility's premises must not have environmental safety issues and must be sufficient to accommodate the services in the scope of services.

Please see the Bureau's "Providers" home page for additional licensing resources.
