

## BUREAU OF EMERGENCY MEDICAL SERVICES & TRAUMA SYSTEM

### EMCT CONTINUING EDUCATION

EMCTs seeking continuing education (CE) hours for any of the posted upcoming educational opportunities should follow their agency's CE policy, including, but not limited to, administrative medical director approval.

[The Department of Emergency and Military Affairs' Training Branch](#) provides free training to state, county, local and tribal first responders, first receivers, and emergency management personnel. They also arrange attendance at training for many out-of-state federal programs. Visit their website for more information on creating an account and signing up for offered classes.

[Texas Health & Human Services: Texas Health Steps](#) offers free on-demand CE courses to EMCTs. Interested EMCTs must register with Texas Health Steps for a username and password to enroll. Courses start immediately upon enrollment. Search all of the offered course topics on the Texas Health Steps website.

#### [Childhood and Adolescent Depression](#) Specific Learning Objectives

After completing the activities of this module, you will be able to:

1. Summarize the signs and symptoms of depression in children and adolescents.
2. Apply current recommendations for screening children and adolescents for depression, including applying the Texas Health Steps Periodicity Schedule and approved screening tools.
3. Examine the role of the medical home in the treatment and ongoing management of childhood and adolescent depression.

Module expires on **5/3/2025**.

**PLEASE NOTE:** Course information is provided by the individual training program and is subject to change and/or cancellation. For current information concerning any course, you must contact the training program directly.
