November Recap

Department of Emergency and
Military Affairs (DEMA)

• • •

**Multi-Year Training and
Exercise Plan (MYTEP)
Workshop
11/30/2016**

Members of ADHS PHEP attended the MYTEP as a partner and stakeholder for upcoming training and exercise efforts of 2017-2020. DEMA, in keeping with the “Whole Community” approach addressed multiple state, county, federal, and tribal participants regarding:

- State MYTEP and Purpose
- Capabilities-Based Planning
- Integrating Plans into your MYTEP
- Available Training Programs and
- HSEEP and State Exercise Support

The DEMA Preparedness Division demonstrated an impressive understanding of the components of a successful and comprehensive MYTEP, and utilized a personalized approach which proved to be both successful and appreciated by all attendees.

We would like to recognize Nichole Fortson and Ron Kopcik for their tremendous contributions. We wish Ron the best of luck in his future endeavors with the Maricopa County Department of Emergency Management.

Arizona State Hospital Tabletop Exercise

11/15/2016

by April Lawless

On November 15, 2016, the PHEP Training and Exercise Team, the ADHS Leadership Team and the Arizona State Hospital (ASH) partnered to conduct an Extended Power Outage Tabletop Exercise on the ASH campus. This was a unique opportunity for the leadership and staff to discuss the potential impact to patients and staff, how critical supplies would be managed, and how internal staff and external partners would be notified. All functional areas of the hospital were represented including:

- Administration/Operations
- ASH Leadership
- Arizona Community Protection and Treatment Center
- Dietary Services
- Quality Resource Management and Compliance
- Environmental Services
- Facilities and Security
- Finance
- Health Records
- Human Resources
- Nursing Administration
- Pharmacy
- Transportation

The After Action Report (AAR) from the exercise is currently being developed and will be presented to the ASH Planning Team later in December. The AAR will capture overall strengths and areas for improvement from the exercise and assist ASH with setting priorities for improving their overall preparedness.

Meet Our BPHEP Team!

Lisa joined the bureau on July 5, 2016. She has over thirty years of experience with the CDC as a Public Health Advisor, including eight years in the STD program, and eleven years in the National Immunization Program. She has been with the Division of State and Local Readiness since December of 2005.

Lisa's mission with the Arizona Department of Health Services is to support county and tribal preparedness through planning, coordinating exercises, and local readiness efforts. She has also spent a great deal of time reviewing BP5 county and tribal work plans for situational awareness.

Lisa is highly knowledgeable, energetic and enthusiastic. She is a great addition to the bureau. Please join us in welcoming her to ADHS and Arizona!

Arizona Public Health and Healthcare Training and Exercise Planning Workshop

Desert Willow Conference Center

4340 East Cotton Center Blvd.

Phoenix, AZ 85040

December 7, 2016, 9:00 AM – 4:00 PM

As a reminder to our PHEP and HPP friends, your attendance at the 2016 *Public Health and Health Care Training and Exercise Planning Workshop* fulfills a grant deliverable in addition to providing the opportunity to collaborate with your partners. We hope that you gain valuable insight and additional tools to help your agencies prepare for the year's training and exercise activities.

The upcoming ADHS MYTEP will be projecting out to three years. This year's workshop will highlight aspects of Mass Care and Medical Surge with particular attention devoted to Family Reunification, the National Disaster Medical System, and Patient Tracking. Many of you have done tremendous work in these areas and have accomplished a great deal. We would like to highlight these accomplishments and ensure that our planning activities and the state overall benefits from the results of this hard work.

2016 Public Health and Health Care Training and Exercise Planning Workshop User Handbook and Checklist

Attention Participant:

Thank you for registering and welcome to the 2016 Public Health and Health Care Training and Exercise Planning Workshop, sponsored by the Arizona Department of Health Services. As a respected colleague, stakeholder, and partner of ADHS we look forward to your input into the upcoming years' training and exercise events and opportunities throughout the state.

This year's TEPW will begin with an overview of THIRA and the Public Health Threat Assessment. We will then break up into groups according to your region and begin the work of collaborating to identify current training and exercise opportunities.

We ask that you bring with you the following:

	Your agency's previous year's Improvement Plan (s)
	Your agency's training and exercise schedule

For those who do not normally work in training and exercises or are new to their positions we also ask/recommend that you become familiar with the following:

	Current US Department of Homeland Security Target Capabilities Target Capabilities List Core Capability/Target Capability Crosswalk
	Current State and Local Homeland Security guidance (Preparedness) Arizona Department of Homeland Security - Preparedness Links Arizona Department of Homeland Security - County Links
	Volumes I – IV of the Homeland Security Exercise Evaluation Program (HSEEP) Homeland Security Exercise Evaluation Program - FEMA

* The day will begin at 8:00 AM for registration and breakfast, breakout sessions begin at 10:35 AM, and closing remarks and adjournment at 4:00 PM.

* Please see the enclosed detailed AGENDA for specific programming information. Be advised that some breakout topics may be changed according to presenter availability and/or discretion.

Preparedness Training Resources

December 2016

Radiological Accident Assessment Concepts course (RAAC)

Arizona Department of Emergency and Military Affairs (DEMA) is hosting a RAAC course that addresses the consequences of incidents involving radioactive materials, with emphasis placed on incidents at commercial nuclear power plants. It will focus on the technical concepts involved in formulating protective action recommendations, including atmospheric dispersion models, dose projection methods, use of protective action guides, analysis of field team data, and calculation of derived intervention levels.

Course: PER-316 REP Accident Assessment Concepts Course (RAAC)

Dates: Jan 23-27, 2017 (with Sunday January 22nd and Saturday January 28th for travel days, if required)

Course Time: Monday-Friday: 8:00 AM to 5:00 PM

Voluntary evening sessions on Monday and Tuesday: 5:00 PM to 7:00 PM

Location: AZDEMA Joint Information Center on Papago Park Military Reservation
5636 East McDowell Road, Phoenix, AZ 85008

Class is limited to 20 participants, and enrollment is limited to Federal, State, local radiological assessment/health physics staff. Private sector (e.g. utility company) technical staff may also apply. This course is not intended for Emergency Management Staff. Participants must possess a familiarity with mathematics involving exponents and logarithms, and must bring a scientific calculator to perform required calculations. Homework will be given to reinforce learning objectives. This course has been certified by the American Academy for Health Physics for 64 CEUs.

Required Prerequisites:

- Completion of the Independent Study [course IS-303 is required](#) prior to attending the course. Course manager must review all applications prior to acceptance. IS-303 (<https://training.fema.gov/is/course-overview.aspx?code=IS-303>)
- Participants must have a CDP student ID number (aka FEMA SID) to attend. (<https://cdp.dhs.gov/fema-sid>)

For additional information, please contact:

POC: Laurel Ryan Phone: (510) 693-3553

Laurel.rvan@fema.dhs.gov

POC: Matt Heckard Phone: (602) 464-6308

Matt.heckard@azdema.gov

To apply for this class, follow the instructions below:

1. Have a FEMA SID number and password. You must have a FEMA SID number before you can apply for the class.
 - If you need a FEMA SID number, go to: <https://cdp.dhs.gov/FEMASID> and click "Register for FEMA SID" or click "Forgot FEMA SID?" if you have forgotten your FEMA SID.
 - Registering for a FEMA SID number does not register you for this class. You must apply for the class separately.
2. To apply for the class, go to <https://cdp.dhs.gov/students> and enter **17N-0112 RAAC** in the "Have a Promo

Code” box. You must enter the promo code exactly as it appears here to successfully apply.

- Enter your FEMA SID and password.
 - A CDP Training Registration System (TRS) application for 17N-0112 RAAC will open.
 - Complete the required fields.
 - Click the “Review and Submit Application Now” button.
 - Complete the application process by clicking the affirmation checkbox and providing your digital signature by entering your name and FEMA SID password.
3. If you encounter any errors, please do not attempt to bypass or skip through them. Please document the error with as many details as possible and/or screen shots (print screen) and submit to FEMASID-HELP@cdpemail.dhs.gov so the error can be documented and addressed by the development team. Once the error has been reported, then proceed.
 4. After you have completed registration, click on the following link to provide feedback on TRS: <http://cdpdhs.gov/shared/surveys/nrt>

Planning Update

December 2016

Did you know? - Heating equipment is the #2 leading cause of house fires nationwide

Fires caused by heating equipment are the second leading cause to housefires following cooking. Half of all of these fires occur during the months of December, January, and February and is involved in 1 of 6 reported home fires and 1 in every 5 of these fires results in a death nationwide.

Following simple practices can help prevent these types of fires

through the winter and holiday months so everyone can enjoy a safe and comfortable holiday season!

For more information and resources visit:
U.S. Fire Administration - <https://www.usfa.fema.gov/prevention/outreach/winter.html>

FEMA Ready.gov - <https://www.fema.gov/media-library/assets/images/111986>

Heat your home safely.

Keep anything that can burn 3 feet away from a fireplace, wood stove or space heater.

U.S. Fire Administration | FEMA | U.S. Department of Homeland Security

How prepared are you and your community for winter weather?

Winter is a perfect time to review your response plans and emergency kits to make sure you're prepared! Check [here](#) and [here](#) for more information!

What's happening at ADHS

The ADHS Plans page has a new look!

Check out azhealth.gov/emergencyplans and let us know what you think using the Questions and Comments page.

Remember

The winter season is full of events of all sizes causing large crowds, emphasize the "See Something, Say Something" mentality throughout your communities and organizations. Stay safe!

We are currently working on:

SNS Plans

Power Outage Plan

Communications Plan
