=====
 *A current prescription written by a medical provider must be presented for the medication(s) prior to these products being dispensed by the pharmacy.

**For Ribavirin, Genentech currently has a patient assistance program for individuals with limited incomes. The physician may contact 1-888-941-3331 directly.

***For Maraviroc (Selzentry), VIIV Healthcare offers certificates that provide Tropism testing through Ryan White Part A and Ryan White Part B clinics. Providers may also request Tropism testing kits by calling either 602-339-4125 or 602-321-2554.

****A current prescription written by a medical provider must be presented for all syringes and/or needles prior to these products being dispensed by the pharmacy. In addition, the patient must have a prescription order for a formulary approved injectable medication. ADAP is strictly prohibited from participating in "needle exchange" programs.

*****Please review and submit all data elements contained within the HCV patient registry to ADAP as indicated. The Arizona ADAP HCV patient registry can be obtained by contacting ADAP directly at 602-364-3610/800-334-1540 (toll free) or on the ADHS public website at <http://www.azdhs.gov/phs/hiv/adap/index.htm>.

*****Please contact Genoa 340B pharmacy (855-428-3552) at time of prescription order to arrange for specialized medication delivery.
