

# 5th Annual HAI/HAC Prevention Summit

**Save the date**

**Wednesday, May 23, 2018 (Acute Care)**

**Thursday, May 24, 2018 (LTC)**

**Black Canyon Conference Center, Phoenix, AZ**

**You are cordially invited to attend the 5th Annual HAI/HAC Summit on May 23-24, 2018.**

- May 23rd will focus on acute care hospitals. Planning is underway for sessions on Sepsis, VAE, C.difficile, Adverse Drug Events, Antibiotic Stewardship in Rural CAHs and Readmissions.
- May 24th will focus on LTC with learning sessions on Antibiotic Stewardship, QAPI, C. difficile data entry into NHSN, Legionella, Influenza Outbreaks, Infection Preventionists, Surveillance, and a panel discussion on patient transfer.

Join us and learn about the most recent evidence-based practices from national subject matter experts and local organizations. Attend both days of the event and network with your community partners.

## Benefits:

- ★ Hear from subject matter experts on specific topics related to HAI and HAC reduction
- ★ Learn about tools to identify and remove barriers
- ★ Network with other hospital and LTC colleagues
- ★ Leave with successful solutions that have been implemented by peers

## Who Should Attend?

All hospital and LTC staff members are invited, including nurse and physician champions, clinicians, infection preventionists, data coordinators, quality directors, and unit/team leads.

The more participants you bring, the greater the learning and sharing during the day and also back at your facility.

## Sponsored by:

THE UNIVERSITY OF ARIZONA  
MEL & ENID ZUCKERMAN COLLEGE OF PUBLIC HEALTH  
**Center for Rural Health**
