Arizona Department of Health Services

TELEDENTISTRY BRINGING DENTAL CARE TO THOSE WHO NEED IT MOST

Southern Arizona Oral Health Coalition

- Coalition was formed in 2001
- Serve Pima, Cochise, and Santa Cruz Counties
- Vision Statement: All residents in southern Arizona will have access to oral health education and preventive care.
- Mission Statement: To improve the oral health and overall well being of the people in southern Arizona through prevention, education and access to care.
- Key members and/or partnerships:

Coalition members are professionals who work daily with the populations that are targeted to be served. Local healthcare professionals – Dental providers -dental hygienists, dentists, and dental assistants; Medical providers – public health and school nurses, and pediatrician; Representatives from organizations that provide services in the community- community health centers, mobile medical clinic, educators, local school district staff, local AHCCCS health plans, social service agencies, and community service organizations.
