Presentation by Donna L. Robinson, Ph.D.:

Dr. Robinson provided a detailed overview of the process by which trained evaluators conceptualize, evaluate, and manage factors which correlate to risk of violence. Dr.

Robinson discussed the purpose of assessing risk, the definition and aspects of violence, the instruments used to gather data, and the degree of relevance attributed to the gathered data.

Michael Klemens left the meeting at 2:57 p.m.

Adoption of Standard Conditions of Release:

After discussion, a motion was made by James Clark, seconded by Susan Stevens, and passed 4 – 0 to adopt the standard conditions of release, as written.

Emergency Contacts for GEI Individuals on conditional release to the community:

Ms. Shapiro asked if the PSRB adopted this provision and a person failed to update the form following a request to do so, would it be grounds to return the patient to ASH based on a violation of the terms of conditional release. The PSRB determined it would be best practice to notice a hearing if the form was not updated after requesting assistance from the outpatient treatment team.

After discussion, a motion was made by Clark, seconded by Chandrika Shankar, and passed 4 – 0 to adopt a standard condition of release to the community to require individuals to complete an updated Emergency Contact Sheet on an annual basis.

Application for a hearing before the PSRB:

After extensive discussion regarding the “applicant”, burden of proof, and administrative processes, the PSRB deferred this matter to the next administrative Board meeting and further directed Ms. Shapiro to draft a form to present at that time.

Identification of Future Agenda Items:

Aside from the application for a hearing, no other future agenda items were identified.

Adjournment:
